

# Algorithm Engineering Exercise 2

## Weighted Cluster Editing II

### **Team 1**

Mert Saner

Max Bähnisch

Hannah Wetterau

*TU Berlin*

*Institute of Software Engineering and Theoretical Computer Science*

May 17, 2021

## 1. Problem

- Implementation
- Implementation
- Implementation

## 1. Results

- Implementation Steps
- Implementation Steps
- Implementation Steps

## 2. Add Graph

- Points
- Points
- Points

## 3. Third point

- Points
- Points
- Points

## 3. Key Results:

- First Point
- Second Point

# Heading

Step 1: SubHeading

Step 2: SubHeading

Step 3: SubHeading

# Heading

Step : SubHeading

Sentence- Description

Sentence/Figure

Figure: Name of the Figure

## 4. Last Heading

- Last Part
